## PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Evolve that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Evolve offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Evolve Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

## PRODUCT INFORMATION

Evolve offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Evolve has developed a Panel interior made from 100% recycled wood and polypropylene. Through innovative design and technology, Evolve utilizes waste that would have normally been sent to landfill.

Evolve Panels are insulated with Roxul, a mineral wood insulation made from slag, an inert steel by-product, and basalt rock. Roxul is a high density product that provides maximum sound absorption to reduce noise in the work environment. Roxul insulation is fire resistant, water repellent and will not support the growth of fungi or mildew.

Evolve's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

## PANELS

- NOTE: Panels consist of module frames, module interiors and a variety of skins.

### Panel Information

- All metal components are painted with environmentally friendly epoxy powder.
- Raceway Interiors are coated with recycled epoxy powder.
- The entire Evolve Panel and the processes used to manufacture it are designed to save and protect the environment. Evolve panels are made from recycled materials and are 100% recyclable.
- Panels conform to CGSB and ANSI/BIFMA Standards
- The quality and performance level of these panels have been tested to equal or exceed the requirements of the U.S. Government.
- Classified as Acoustic, these panels meet the acoustical requirements of the U.S. Government with the following ratings:
  - .65 NRC
  - 23 STC
- Panel has a steel frame and is 2 7/8" thick. Corner posts create a panel creep of 3 1/4".
- Leveling Glides extend 2 1/2" high. (Carpet grippers are available, contact Evolve Customer Support).

### Panel Options

- Standard, Beltline and Light\* Segmented Panels are available in the following heights: 30", 42", 54" and 66".
- Standard, Beltline and Light\* Monolithic Panels are available in the following heights: 42", 48", 54" and 66"
  - \* Light panels do not contain a base raceway, therefore the listed heights consider the 6" open space that would have contained a raceway.
- Standard and Light Panel widths come in (8) sizes: 18", 24", 30", 36", 42", 48" 54" and 60"
- Beltline Panel widths come in (7) sizes: 24", 30", 36", 42", 48", 54" and 60". The 6" Power Belt Module is metal with knockouts on both sides.
- Beltline Panel with Chimney widths come in (2) sizes: 36" and 42".

### Panel Skin Options

- Acoustic Fabric (Tackable), Glazed, Open, Laminate, Whiteboard, Metal, Air Flow, Slat

### Panel Extension Modules

- Attaches to the top of Standard, Beltline or Light panels.
- Offered in 6", 12", 18" and 24" heights
- Can be stacked in an excess of 14'-0". (Contact the Evolve Specification Department regarding additional support required.)

## Extension Module Options

- Fabric, Glazed, Open, Laminate, Whiteboard and Airflow. Laminate and Whiteboard available in single and double sided.

## Panel Reconfiguration

- Panels can be modified on site by replacing fabric modules with Glazed, Open, Laminate, Whiteboard or Air Flow at any time after the initial installation\*.
- All panel types existing on site can have their height altered by replacing the vertical liners (on each side of the panel) and adding or subtracting modules\* as required.
- Fabric can be replaced easily; using pre-cut segments of fabric, a drawstring (C-Jex) is sewn in around the edges. Then a rubber spline is used to 'screen' the fabric in place.
- Panels can be removed from the workstation, without having to remove an overhead or worksurface.
- Corner connectors can be converted from 2-way to 3-way, etc., by attaching an in-line connector with one screw.
- The Power Belt Module for the Beltline Panels cannot be relocated.

\*Contact Evolve Customer Support for information on field installed modules (they are available in heights of 6", 12" and 24")

## VOICE/DATA AND ELECTRICAL POWER

- NOTE: Panels and Electric components are CSA/UL approved. Tools are not required to install electrical in the Evolve Panel System.

### Voice and Data can be run at the following levels:

- Standard Panels—Base of the panel.
- Beltline Panels—Base, Beltline of the panel.
- Beltline Light Panels—Beltline of the panel.

### Electric can be run at the following levels:

- Standard Panels—Base raceway
- Beltline Panels—Base and/or Beltline raceway
- Light Panels—Do not contain a raceway for electric.
- Beltline Light Panels—Beltline raceway

### Additional Data and Electric Options

- A panel mounted power bar can be mounted on-module at any level and contains a 14' cord.
- Desktop modules are available to install in the worksurface scoop for electric and data.
- 6" Vertical Panel provides electric and data above the worksurface and electric just below the worksurface.

## Electric Information

- Electric can be run in any raceway whether it is at the base or Beltline.
  - 8-Wire, 4-Circuit Capability
  - 2 Utility + 2 Dedicated Circuits
  - 10 Gauge (oversized) Neutrals.
- All circuits can support up to 20 amps (15 CSA).

## Raceway Information

- Raceway knockouts sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38" x 2.71" at the base and Beltline.
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with two knockouts.
- Panels 36"-60" wide include raceway covers with three knockouts.
- Standard data face mount plates can be used without the need of adapter plates (supplied by others).

### Cabling Capacities

(calculations below are based on CAT5 cables)

### Base Raceway – for Standard and Beltline Panels

- Without Electric – 140 Cables
- With Electric – 48 Cables

### Beltline Raceway – for Beltline and Light Beltline Panels

- Without Electric – 65 Cables
- With Electric – 54 Cables

### Panel Connectors - 45 Degree Connectors Posts

- Without Electric – 20 Cables
- With Electric – 6 Cables

### Panel Connectors - 60 Degree Connector Posts

- Without Electric – 20 cables
- With Electric – 6 Cables

### Post Extension - 90 Degree Post

- Without Electric - 45 Cables
- With Electric - 25 Cables

### Post Extension - 45 Degree Post

- Without Electric - 20 Cables
- With Electric - 6 Cables

### Post Extension - 60 Degree Post

- Without Electric - 20 Cables
- With Electric - 6 Cables

## WORKSURFACES

- NOTE: Worksurfaces come in a variety of shapes and sizes.

### Worksurface Options

- Standard worksurface depths are 18"d, 24"d and 30"d.
- Standard worksurface widths range from 24"w – 84"w standard depending on the shape.

## Worksurface Laminate Options

- Thermally Fused – 1" thick
- High Pressure – 1-1/16" thick
- High Pressure – 1-7/16" thick
- Wood Veneer – Contact Customer Support for Quotes

## Worksurface Information

- Cable scoops are located in the back of each worksurface to route power and data cables
- Depth from center of scoop to panel is 1-1/8".
- Once installed there is a 3/8" gap between the worksurface and the panels for additional cabling needs.
- Custom sizes are available, contact Customer Support for Quotes.
- Metal inserts are standard for a metal to metal connection between the worksurface and the supporting hardware. This will allow product to be reconfigured many times and still perform.
- All worksurfaces utilize balanced construction.

## STORAGE

### Pedestals

- Available as Worksurface Supporting, Freestanding and Mobile.
- Mobile pedestals are available with or without a cushion. Mobile pedestals with a cushion can have an upholstery fabric applied to them.
- Standard Pedestal Depths are 18"d, 19"d, 23"d, 24"d, 29"d and 30"d
- Pedestal widths are 15"w. Please note maximum extension of pedestal glide is 1".

### File Drawers

- 150 lb Full Extension Slides
- Full height drawer sides are standard on all File drawers which enables the hanging of files from the drawer side so no extra hardware is necessary. File drawers accept legal, letter and metric sized files.

### Box Drawers

- 75 lb Single Action Slides

## Drawer Information

- Steel construction guarantees the performance of the product over the long term.
- Welded joints with a full top, back and base ensure that the pedestal will sit square and adequately support the worksurface where necessary.
- Double wall drawer face
- 20 gauge steel
- Metal roller ball bearing slides
- Adjustable glides are accessible from the inside of the pedestal.
- Standard positive and secure locking system.
- Epoxy powder coated.
- Locks can be keyed alike or master keyed\*. Please note Key list(s) required to key alike.
- \*Master Key must be ordered separate.
- Standard recessed handle offers uncluttered aesthetic.

## Lateral Files

- All lateral files are 18" deep
- Standard widths are 30"w, 36"w and 42"w.
- Standard EV12 Heights are 27.75"h, 40.5"h, 54"h and 65.88"h.
- Available with fixed front drawers, receding doors with roll-out shelf, and half height drawers (See page 184 for more information Lateral File)

## Lateral File Information

- Drawer anti-locking system
- Three Stage, anti-bounceback suspension
- Receding door features 16 gauge, spring loaded hinges
- Premium drawer slides with black zinc coating for smoother, quieter motion.
- Pre-Installed file bars
- 18-20 gauge steel
- Adjustable glides are accessible from the inside of the lateral file. Please note maximum extension for lateral glide is 5/8"

## Storage Towers

- Features all metal construction and a choice of 20 different configurations.
- Heights include 50"h, 54"h and 65.875"h. 42"h and 48"h available upon request.
- 24"w x 24"d
- Side shelving available.

## Bookcases and Storage Cabinets

- Features all metal construction.
- Available in widths of 30"w, 36"w and 42"w.
- Heights include 27.75"h, 40.5"h, 54"h and 65.88"h.

## Overhead Storage

- Standard widths include 24"w (not available on all units), 30"w, 36"w, 42"w, 48"w, 54"w and 60"w. Please note ADA and Double Wall Overheads are not available in 24"
- Standard heights range from 12"h to 17.5"h.
- Overhead Options
- Flat Front 12" Flipper Door
- Full Pull 13" Flipper Door
- Full Pull Double Wall Flipper Door (also available with shelf option)
- Full Pull 16" Flipper Door (door retracts inside cabinet)
- Sliding glass doors
- ADA Compliant Overhead with soft close mechanism
- High and Low Profile Shelf
- A magnetic whiteboard is available for metal front overheads.

## WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2000 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Evolve Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Systems is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Evolve Systems can help a company meet LEED requirements for office furniture.
- Evolve components are tested to the highest standard in the industry. This is your assurance of quality and longevity.

Evolve products have been coded using alphas that correspond with the product name. This creates an easy-to-remember code. The following breaks down the coding logic and highlights the required code components needed to order within each product category.

## PANELS

### Example:

### Product: Segmented Panel

Base Code found on the product page to the left of the product name and a simple product illustration.

## TECHNICAL FEATURES OF EVOLVE PANELS:

- Evolve Panels are 2 7/8" thick.
- An aluminum low profile top cap is included with the panel.
- Base Raceway will allow for 140 data cables without electrical, or 48 data cables with electrical.
- Beltline Raceway will allow for 65 data cables without electrical or 54 data cables with electrical.
- 90 degree post extension will allow for 45 data cables without electric and 25 data cables with electric.
- Raceway knockout openings are 1.38" x 2.71".
- Acoustic Rating: .65 = NRC - Noise Reduction Coefficient
- STC: 23 = Sound Transmission Coefficient

## BASIC FEATURES OF EVOLVE PANELS:

- Evolve Segmented Panels are available in four (4) basic heights: 30", 42", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" High and 60".
- Evolve Monolithic Panels are available in four (4) basic heights: 42", 48", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" and 60".
- Evolve Panels must include the same segmentation on both sides of the panel. Cannot be Monolithic on one side and Segmented on the other.
- Opposite sides of each Fabric Module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at the highest grade.
- There is no panel creep in a straight Panel-to-Panel configuration; however, a corner post (2, 3, 4 way) will add 3.25" inches to a panel run.
- All Fabric Acoustic Panels (EVPFA) are composed of a 6" raceway module and a 24" base-height module which create the EVPFA30. Subsequent heights are created by adding either a 12" high module to create an EVPFA42 or a 24" high module to create an EVPFA54. The addition of both 12" and 24" modules creates a EVPFA66.
- In contrast, a Premium Panel (EVFPF) is composed of a 6" raceway module, a 24" base-height module and either two (2) or three (3) 12" modules which make up the two premium heights: EVFPF54 and EVFPF66.
- All Panels available with Aluminum trim as a standard option.
- Individual fabric covered acoustic modules incorporated into a rigid steel frame.
- Raceway covers included with panels
- Beltline Panels contain a 6" Power Belt Module that is metal with knockouts on both sides.

## BASIC FEATURES OF EXTENSION MODULES:

- Stackability: Evolve Panels can be increased in height in 6", 12", 18" or 24" increments. See Extension Module (pages 82-90) for part numbers.
- Panel Extension Modules stack on the top of a Panel.
- Modules can be stacked to add privacy or divide space.
- Opposite sides of a fabric module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one Panel, the entire Module must be priced at highest grade.

## GENERAL WARRANTY INFORMATION:

- Panel and tackboard textiles, adjustable keyboard mechanisms, tasklights and electrical devices = ten (10) Years
- Other parts = Lifetime Warranty

## **EACH ORDER MUST INCLUDE:**

- Purchase Order
- Layout showing where the image(s) appear in the run of panels.
- A completed Price Chart, showing the location of the image(s) on each appropriate panel.
- Artwork must be submitted in accordance with the following artwork specifications.
- NOTE: Final artwork specification approval must be given before order can be processed.

## **TRANSFER DEVICES**

- Email up to 10MB to your Evolve Customer Service Representative.
- Courier CD/DVD/USB drive to your Evolve Customer Service Representative.

## **ARTWORK SPECIFICATIONS**

- Non-Photographic artwork should be vector art. Saved in Adobe Illustrator (.ai) or as an EPS (.eps)
- All bitmap or photographic artwork has to be at a minimum of 100 dpi at the full size of the panel to be printed.
- We accept Adobe CS5 files.
- Any linked files must be included or imbedded.
- Leave any PSD files un-flattened
- All fonts must be converted to outlines.
- Do not convert to CMYK, leave all images as RGB if possible
- No Word, Powerpoint, Publisher or other Microsoft files can be used.
- Include a PDF or .jpg for reference when sending native Photoshop or Illustrator format files.

## **COLOR MATCHING**

- A Pantone color reference must be supplied or we cannot accept responsibility for correct color or color correction.
- When it is not possible to refer to Pantone colors, we will do our best to meet your requirements.

## **IMAGE CLARITY**

- We will advise should the selected image not lend itself to the element size requested.

## **NOTE:**

- We reserve the right to put an order on hold when the files are found to be incomplete or when documents have been either incorrectly saved, fonts have not been converted to curves or the job appears not to be commercially acceptable.

## **IMAGE BLEED:**

- To facilitate placement on the panel. Extension of the image past the finished visible area of the panel (bleed) is required.
- Evolve Panels need a 3.5" bleed on all sides

**EXAMPLE OF IMAGE RESOLUTION:**

- The resolution required for a 36 wide x 24 high Evolve panel at 100dpi (minimum resolution)

The resolution required for a 36 wide x 24 high Evolve panel at 300dpi (higher quality)

**EVOLVE SYSTEMS - GRAPHIC PANEL EXAMPLE PROCEDURE**

**STEP 1:** Customer orders the following EVPFA6636 panel with;

- Bottom module inside face (24/36 size fabric) with image 01.
- Middle module inside face (12/36 size fabric) with image 02.
- All other fabric material is regular fabric - top module inside face and all outside module faces.

**STEP 2:** On the regular panel - replace fabric pieces with corresponding graphic pieces.

**STEP 3:** On the regular panel - replace fabric pieces with corresponding graphic pieces.

- EVPGRP1236 for the middle module inside face
- EVPGRP2436 for the bottom module inside face

**EVGGRP - 6”H GRAPHIC FABRIC FACTORY INSTALLED**

- Graphic fabric for one side of 6” module.
- Graphic fabric to be installed at factory at specified 6” H module of fabric panel
- Fabric panel not included. Prices shown are an upcharge to the applicable panel price. Please add the upcharge to the list price of the panel on which you are specifying a graphic.
- Applies to the following panels: EVPFA, EVFPF, EVPF1W, EVPF2W, EVPF1S, EVPF2S, EVPFGT, EVFPFGTU, EVPFOL, EVFPOL, EVPFO, EVFPFO, EVPFE, EVPFPE
- Note: initial set up charge is \$250 net per image

**EVPFAM - MONOLITHIC PANEL**

- Monolithic Panel incorporates fabric modules within a solid steel frame.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPBFAM - MONOLITHIC BELTLINE POWERED PANEL**

- Monolithic Beltline Powered Panel incorporates fabric modules with a power beltline raceway, within a solid steel frame.
- 6”H power beltline raceway, to accommodate electrical, is metal with knockouts on both side.
- A Chimney Panel is required to run electric and data from the base to belt.
- Beltline Connectors must be used in conjunction with beltline panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPBLFAM - MONOLITHIC BELTLINE POWERED LIGHT PANEL**

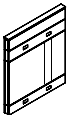

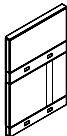

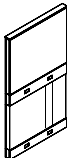

- Monolithic Beltline Powered Light Panel incorporates fabric modules with a power beltline raceway within a solid steel frame
- 6”H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- There is no base raceway in Light Panels to accommodate electrical
- Light Beltline Panel Connectors must be used in conjunction with Light Beltline Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve Light panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPBCFAM - MONOLITHIC BELTLINE POWERED CHIMNEY PANEL**

- Monolithic Chimney Beltline Powered Panel incorporates fabric modules with a power beltline raceway within a solid steel frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- Separate electric harness required to go from base to belt (see EVE8CPCP).
- 6”H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module listings for part numbers

**EVPBLFA - SEGMENTED BELTLINE POWERED LIGHT PANEL**

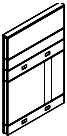

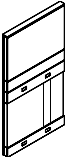

- Segmented Beltline Powered Light Panel incorporates fabric modules with a power beltline raceway, within a solid steel frame.
- There is no base raceway in Light Panels to accommodate electrical.
- 6”H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Light Panel Connectors must be used in conjunction with Beltline Light Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve Light panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPBCFA - SEGMENTED BELTLINE POWERED CHIMNEY PANEL**

- Segmented Chimney Beltline Powered Panel incorporates fabric modules with a power beltline raceway, within a solid steel frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- Separate electric harness required to go from base to belt (see EVE8CPCP).
- 6”H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPPFGT - PARTLY GLAZED PANEL - TEMPERED GLASS**

- Partly Glazed Panel incorporates a lower fabric module with a 12”H or 24”H top position glazed module, into a solid steel frame.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.
- Standard in clear (CLR) glass.
- Frosted glass (FRST) 20% upcharge.

**EVPLF1S - SLATWALL LIGHT PANEL - SINGLE SIDED**

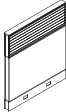

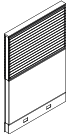

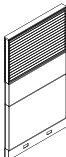

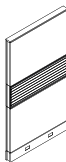

- Slatwall Light Panel incorporates fabric modules with a single 12”H or 24”H top position slatwall module, into a solid steel frame.
- 66”H panel can be configured with either a 24”H slatwall module at the top or a 12”H slatwall at the middle Position (EVPLF1S66xxM)
- Opposite side is fabric covered
- Slatwall is made of aluminum.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPF2W - WRITE BOARD PANEL - DOUBLE SIDED**

- Write Board Panel incorporates fabric modules with a single 24”H top position write board module, into a solid steel frame.
- Use erasable writeboard markers only.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPH1S - LAMINATE PANEL - SINGLE SIDED**

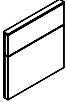

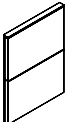

- Laminate Panel incorporates single sided laminate modules, into a solid steel frame.
- Opposite side is fabric covered.
- Laminate faces on all modules provide durable, washable surfaces on Single Sided of the panel.
- Available in high pressure laminate only.
- If wood grain is selected, grain runs horizontally.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPLFAF - AIRFLOW LIGHT PANEL**

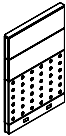

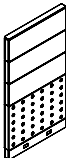

- Airflow Light Panel incorporates bottom 24”H airflow module with individual fabric modules, within a steel frame.
- The 24”H Metal airflow module is positioned in the base section to provide air circulation.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module listings for part numbers

**EVPPPAF - AIRFLOW PREMIUM PANEL**

- Airflow Premium Panel incorporates bottom 24”H airflow module with individual fabric modules, within a steel frame.
- The 24”H Metal airflow module is positioned in the base section to provide air circulation.
- Premium panels incorporate 12”H acoustic modules above 30”H base section.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPM1S - METAL SKIN PANEL - SINGLE SIDED**

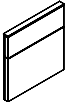

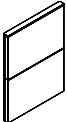

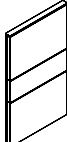

- Metal Skin Panel incorporates single sided metal skin modules, into a solid steel frame.
- Opposite side is fabric covered.
- Metal faces on all modules provide durable, washable and magnetic surfaces on Single Sided of the panel.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPFOL - OPEN BOTTOM PANEL**

- Open Bottom Panel incorporates bottom 24”H open module with individual fabric modules, within a steel frame.
- The 24”H open bottom module in the base section is to provide air circulation and access to electrical or data.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPLFOL - OPEN BOTTOM LIGHT PANEL**

- Open Bottom Light Panel incorporates bottom 24”H open module with individual fabric modules, within a steel frame.
- The 24”H open bottom module in the base section is to provide air circulation and access to electrical or data.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H or 24”H increments. See Extension Module (pages 82-90) for part numbers.

**EVPFAMNR - MONOLITHIC NO RACEWAY PANEL**

- Monolithic No Raceway panel incorporates fabric modules within steel frame.
- There is no base raceway in No Raceway Panels to accommodate electric.
- No Raceway connectors to be used.
- Fabric covered modules are tackable and acoustical.
- Each side of fabric module may have different fabric within the same grade at no charge.
- If different grades of fabric are used, the entire module must be price at highest grade.
- Aluminum low profile top and bottom cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H, 24”H increments. See module listing for part numbers See Extension Module (pages 82-90) for part numbers.

**EVPH1SNR - LAMINATE NO RACEWAY - PANEL SINGLE SIDED**

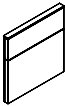

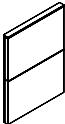

- Laminate No Raceway panel incorporates single sided laminate modules within steel frame.
- Opposite side is fabric covered.
- Laminate faces on all modules provide durable, washable surfaces on One Side of the panel.
- Available in high pressure laminate only.
- If wood grain is selected, grain runs horizontally.
- There is no base raceway in No Raceway Panels to accommodate electric.
- No Raceway connectors to be used.
- If different grades of fabric are used, the entire module must be priced at highest grade.
- An aluminum low profile top and bottom cap is included.
- Stackability: Evolve panels can be increased in height in 6”H, 12”H, 18”H, 24”H increments. See module listing for part numbers.

	Two Way Corner Post	EVPCPA290NR	461	90	2 7/8	
	No Raceway Panel					
	To be used only with 90" H NR Glazed Panels					

**EVPCPA3PNR - THREE WAY CORNER POST NO RACEWAY PANEL-PANEL-NO RACEWAY PANEL**

- Connects two No Raceway panels and Raceway Panels of equal height in "T" configuration.
- Post and connecting hardware add 3.25" to power beam run.
- Provides slotted support for worksurfaces and hang on components.
- Includes post, panel connectors and power beam connectors, post with trim all around, levelling glide, hardware and trim kit.
- Connectors are available without slots, as a special at no extra charge. Contact customer support.

**EVVPS - DOOR PANEL - SOLID**

- All door surfaces are high pressure laminate.
- HP Laminate finish available in all standard Evolve colors.
- Two panel widths: 36" or 42" High.
- 84" Door Panel height = 66"H panel plus one 18"H Panel Extension Module.
- 90" Door Panel height = 66" H panel plus one 24"H or two 12"H Panel Extension Modules.
- Door and door trim can be specified left- or right-handed (see diagram).
- Handedness of Door Panel can be changed in the field.
- Select door frame color from standard trim colors.
- Door Sizes:
  - 36"W Door is 33.63"W without frame (This door is not ADA compliant)
  - 42"W Door is 39.63"W without frame
  - 84"H Door is 81.5"H without frame
  - 90"H Door is 87.5"H without frame
- If laminate is selected in a wood grain, the grain runs vertical.
- Customer is responsible to confirm and meet all city, county or any other municipality codes in relation to door clearances.
- Knob or lever to be ordered separately

**EVPSL/R - SLIDING PRIVACY DOOR**

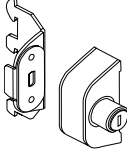

- Sliding Privacy Door attaches to Evolve Panels using standard connectors to add privacy. Brackets that attach to Connectors are included.
- This door must mount on panels of equal width. It is also intended to be used for openings of equal width.
- Left (L) or right-handedness (R) is determined by the direction of door movement (from compressed to expanded position), while facing the door on the panel mounted side.
- Painted frame may match any Evolve Standard Paint Finish. The door interior is standard with a louvered acrylic finish.
- Telescoping arms eliminate the need for thresholds, wheels or casters.
- 81" H door must connect to panels 84" or higher.
- Thickness of louvered acrylic is 6 mm.

When ordering Panel Extension Modules, Inline Panel Extension Connectors (EVPIEC) must be ordered separately. Please see EVPIEC for details.

Inline Panel Extension Connectors connect two panel extension modules of equal height in a straight run.

Extension connectors do **not** provide support for hang-on storage components above 66"H.

When specifying stacking panels up to 66" H and using a single full height connector additional single clamps (EVCLVAR) are recommended. Order 2 clamps per extension module.

EXTENSION MODULES BY TYPE

Fabric Panel Extension Module

# panel connectors

Slotted posts are included with each Variable-Height Corner Post. The height of each slotted post must be specified when ordering a Variable-Height Corner Post. Slotted post height is determined by the height of the connecting panel run.

**Example**

Step 1 Specify base code listed on pricing page.

**Segmented Panel**

Step 2 Specify slotted post heights.

**Note:** To specify height, use the first number of the connecting panel run height dimension.

**Slotted Post Positions**

As illustrated in the example below, start with position 1 and continue clockwise specifying the height of each slotted post.

**Sample Configuration - EVPVPA466-6654**

**PANEL CONNECTORS BY TYPE**

**Inline Connector ..... 121-123**

- Inline Connector

**EVSC12 - SLOT COVER**

- Covers the slots of a slotted connector between modules as well as corner post situation.
- Available in all standard colors (Black, Charcoal Silver, Taupe, Tungsten, White and Nevada)
- Sold per foot. The desired quantity of the slot covers is the required length in feet.
- An easy way to calculate the required length is to sum the length of all inline connectors used in a project (including the posts) and multiply by 2.
- Should be field cut to required length.

 Slot Cover	EVSC12	9			

electrical

## STEP-BY-STEP SPECIFICATION – 8-WIRE ELECTRICAL SYSTEM

### Step 1 Determine the location of the source power entering the Panel Run.

1. At the base of the Panel.
  - (a) Use EVE8FR1 Reversible Floor Power Entry (default to EVE8FR1).
  - (b) Select the Panel to which the Floor Power Entry will be attached. This Panel requires an EVEPD Power Distribution Housing.
  - (c) Select the side of the Panel and the receptacle outlet to which the Floor Power Entry is to be attached.
2. From the ceiling.
  - (a) Use EVE8EC1 Ceiling Power Entry.
  - (b) Select the post through which to feed the Ceiling Power Entry.
  - (c) One Panel adjacent to the selected post requires an EVEPD Power Distribution Housing.
  - (d) Attach Ceiling Power entry to the nearest end of the Power Distribution Housing.

### Step 2 Determine which Panels are to be powered.

1. Use EVE8PD Power Distribution Housing that corresponds with the width of the Panel.

#### BELTLINE TIPS:

**DO** - use a 17" long Mesh Beltline Jumper when making 90 degree turns in the Beltline raceways only.

**DO NOT** - use a 20" long Metal Flex Jumper when attempting to make 90 degree turns in the Beltline Raceways. The end connector is too long to make the turn.

**DO** - use a 20" long Metal Flex Jumper when traveling through a Beltline Post, in a straight line only.

**DO NOT** - use a 17" long Mesh Beltline Jumper Traveling through a Beltline Post, in a straight line only. The Jumper is too short to make the connection.

### Step 3 Connect power to the powered Panels.

1. Use EVE8CP16 Jumper Cable between two adjacent powered Panels, separated by an Inline Connector.
2. Use EVE8CP18 Jumper Cable between two adjacent powered Panels separated by a post.
3. Use EVE8CP Pass-Through Cables to connect powered Panels that are separated by one or more non-powered Panels (maximum distance between the powered Panels is 16 feet).
  - (a) The length of the Pass-Through Cable is calculated by adding together the widths of the non-powered Panels (that separate the two powered Panels) and applying an additional 16" to the total. (EVE8PD Power Distribution Housing is positioned 8" in from the ends of the powered Panel.) (b) An additional 3" must be added to the Pass-Through Cable for each post that the cable passes through.
4. From the price list, select the EVE8CP Pass-Through Cable that matches the calculated length. If the length is between listed sizes, use the next size up.

### Step 4 Determine the location and circuitry of the receptacles.

1. Each powered Panel has four (4) potential locations for EVE8RD Duplex Receptacles – 2 per side. (Exception: 24" wide Panel has only two potential locations – 1 per side, 18" wide Panel has no locations for receptacles.)
2. At each receptacle location there is a choice of four circuit options. Select a circuit option for each location. Circuits one & two are utility circuits; circuits A & B are dedicated circuits.

## EVOLVE'S MODIFIED 8-WIRE ELECTRICAL SYSTEM

Evolve has modified its 8-Wire Electrical System to stay abreast of changing industry standards.

Evolve's electrical system allows for the integration of the commonly required "2+2" configuration (2 utility circuits, 2 dedicated circuits) found in the source power of most of today's North American buildings.

#### This system is rated for connection to:

1. A grounded 120/240V, single phase, 20 A, 60Hz
2. A 120/208V, 3 phase, 20 A, 60Hz branch circuit

#### EQUIPMENT AMPERAGE

Calculator .....	0.25
Electric Eraser .....	0.50
Pencil Sharpener .....	1.00
Radio .....	0.05
Paper Shredder.....	4.40 - 13.00
Electric Typewriter .....	1.20
Personal Computer.....	2.00 - 4.00
Video Display Terminal .....	0.08
Draft / Letter Quality Printer.....	1.20 - 3.00

#### Data/Comm

Evolve's duplex receptacle openings will now conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38 +/- .035 x 2.71 +/- .04. There will no longer be the need to use adapter plates to reduce the size of Evolve's raceway opening, or to use Evolve dedicated data plates for data/comm terminations.

#### Transition

A transition cable is available to connect the previous electrical system prior to April 1, 2005 to the current system when adding Panels to an existing installation. Also, new raceway covers with the smaller openings can be provided and applied to existing Panels when retrofitted with new electrics.

Fan.....	1.00
Heater.....	8.50 - 12.50
Coffee Pot.....	15.00
Task Light .....	1.00
Slide Projector.....	2.00 - 6.00
Laser Printer .....	5.00 - 8.00
Processor / Disk Unit .....	1.00 - 10.00
Desk Top Plotter .....	1.50

Some equipment, such as large copiers, printers, plotters, heaters and coffee makers may occupy most of the circuit capacity. It is recommended that such devices be supplied with the power directly from the wall or building receptacle.

WIRING SCHEMATIC

**DEFINING “2 + 2” WIRING CONFIGURATIONS**

**2 + 2 Configuration (8 wire, 4 circuit)**

Two Utility Circuits [Evolve’s #1 & #2 circuits] share one neutral wire and one ground wire.  
 (2 hot [circuit] wires + 1 neutral wire\*\*\* + 1 green ground wire\* = 4 wires)

Two Dedicated Circuits [Evolve’s “A” & “B” circuits] share one neutral wire and one ground wire.  
 (2 hot [circuit] wires + 1 neutral wire\*\*\* + 1 green/yellow ground wire\*\* = 4 wires)

**NOTE:**

It is the ground wire that makes the difference between “Utility” and “Dedicated” circuits. Refer to Wiring Schematics found in the Price List.

\* A Green ground wire is a “system” ground. This means it could be grounded to any piece of metal, including the Panel.

\*\* A Green/Yellow ground wire is isolated, within the wiring conduit, all the way back to the box at the source (building ground).

\*\*\* All Neutral Wires are 10 gauge rather than 12 gauge meaning they are larger than normal, allowing greater protection against “noise” or interference on the circuit.

This page provides an exploded view of a sample configuration highlighting each **Electrical** component required when specifying this configuration.

## Components

- A. EVE8PD42** Power Distribution Housing  
Note: 8 wire, 4 circuits (3rd/4th circuits dedicated) labeled A or B.
- B. EVE8CP16** Jumper Cable  
Note: EVE8CP16 connects two powered panels positioned side by side, separated by an Inline Connector  
EVE8CP18 connects two powered panels separated by a post.
- C. EVE8RD** Duplex Receptacle
- D. EVE8CP** Pass-Through Cable  
Note: Pass-Through Extension Cable (EVE8CPF154) available – extends power capability beyond 208".

This page provides an exploded view of a sample configuration highlighting each **Beltline Power Panel** component required when specifying this configuration.

# ELECTRICAL

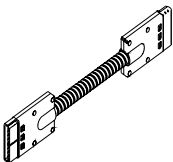

## EVE8PD - POWER DISTRIBUTION HOUSING

- Power housing is specified per panel size (e.g. EVE8PD36 is for use in a 36" panel).
- 8 wire, 4 circuits (2+2 configuration).
- Provides two duplex receptacles per panel side on all panel widths except the 24" wide panel.
- 24" wide panel allows for only one (1) duplex receptacle per panel side.
- Each power distribution housing supports 15-20 amps.

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES		
			H	L	D
 Power Distribution Housing	EVE8PD24	163		6 1/4	
	EVE8PD30	220		11 1/2

 Flexible Mesh Jumper Cable	EVE8CP17	126		17 1/2	
	EVE8CP18	156		18 1/2	

## EVE8CPCP - CHIMNEY PANEL JUMPER CABLE KIT

- Contains two (2) 17" flexible harnesses and one (1) "I" connector.
- Used to connect electric from the base to the beltline raceway in Beltline Powered Chimney panel.
- Must use in conjunction with base power distribution harness and beltline power distribution harness (sold separately).

 Chimney Panel Jumper Cable Kit	EVE8CPCP	341			

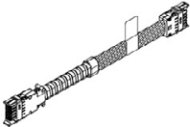

# ELECTRICAL

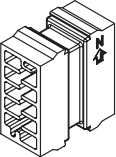

## EVE8CPXX-H - PASS-THROUGH CABLE

- Flexible metal conduit with wire mesh distributes electrical power through non-powered beams.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered panels separating the powered panels (panels with distribution housing attached). To this, add 16" (distance from the edge of the panel to the distribution housing x 2).
- Add additional 3" when passing through a post. See the Tips at the beginning of the section for more details.
- Hybrid pass-through cables with wire mesh allows connection at 90 degree post at one end for Evolve panels including Beltline and Power Beam

## EVE8RD - DUPLEX RECEPTACLE

- Duplex receptacles are rated for 15 Amps.
- EVE8RD1 = Circuit #1 (utility circuit)
- EVE8RD2 = Circuit #2 (utility circuit)
- EVE8RDA = Circuit A (dedicated)
- EVE8RDB = Circuit B (dedicated)

### NOTE:

- EVE8RD1 and EVE8RD2 (#1 and #2 share common ground)
- EVE8RDA and EVE8RDB (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Standard in black. Available in White or Nevada with upcharge, add \$3.00.

## EVE8RDXCX - CALIFORNIA CONTROLLED DUPLEX RECEPTACLE

- California Title 24 meets federal and LEED certification guidelines
- Allows circuit to be controlled or switched off when utility is not in use.
- Duplex receptacles are rated for 15 Amps.
- EVE8RD1CA = Circuit #1 (utility circuit)
- EVE8RD2CA = Circuit #2 (utility circuit)
- EVE8RDACA = Circuit A (dedicated)
- EVE8RDBCA = Circuit B (dedicated)

### NOTE:

- EVE8RD1CA and EVE8RD2CA (#1 and #2 share common ground)
- EVE8RDACA and EVE8RDBCA (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Available in BLK finish only.

## EVE8FR1 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 72" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

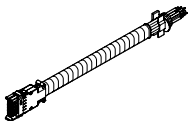

## EVE8FR2 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 144" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

## VE8EC - CEILING POWER ENTRY

- Snaps into the end of a Power Distribution Housing.
- Flexible metal conduit extends into the ceiling through a corner post and post extension.
- Must be hard wired to source power by a licensed electrician.
- 4" junction box included.
- Post extension ordered separately
- Can feed directly into beltline power when Beltline Post Connectors are specified.
- Cannot feed through Inline or End-of-run Connectors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES		
				H	L	D
	Ceiling Power Entry	EVE8EC1	284	132		
		EVE8EC2	497	144		
		EVE8EC3	560	180		

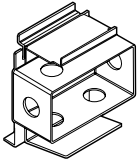

## EVEENY-2 - HARDWARE POWER ENTRY BOX - NEW YORK

- A licensed electrician must provide hard wire connection within the junction box.
- Not for use in panels less than 36"W.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES

## EVLEDES - STARTER LED TASK LIGHT

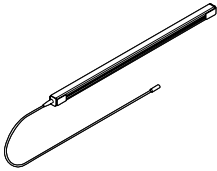

- Undercabinet slim profile LED linear light fixture with lens and On/Off switch.
- May be used as stand-alone or extended with add-on section below (EVLEDES\_DSC).
- Plug-in power supply with 72" cord length plus 78" DC cable.
- Includes magnet mounting bracket with optional adhesive metal plate.
- Light enclosure in clear anodizing finish. Color temperature cool white 4000K.
- Lifespan rated 30,000 hours.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES

worksurfaces

**THE INFORMATION LISTED BELOW PROVIDES YOU WITH BASIC FEATURES OF EVOLVE WORKSURFACES.**

- Evolve thermally fused worksurfaces are 1" thick, high pressure is 1 1/16" and 1 7/16" thick. These are finished with 3 mm PVC edging on all sides.
- Standard laminate offerings are available in thermally-fused (TF) and most high pressure laminates (HP). See laminate listings for details.
- Wood grain laminates on corner worksurfaces up to 42" available in laminate run diagonally for an upcharge. Otherwise, standard horizontal application of laminate will be used.
- To avoid unsatisfactory results in laminate application when attaching two corner surfaces side by side, select "WG" surfaces for matching grain.
- Some wood grain laminate worksurfaces will have matching wood grain PVC trim unless specified otherwise.
- The depth of the worksurface scoops are 1 1/8" when measured from the panel the worksurface is attached to.

- All worksurfaces have threaded inserts for metal-to-metal connection for support hardware.
- All worksurfaces require support hardware. These are priced separately within this section.
- Communication and electrical wires are routed through a cable scoop located at the back of the worksurface. Depending on the specific surface, note that the number of cable scoops depends upon the width of the worksurface. All worksurface shapes have at least one scoop on the Panel edge.
- A 3/8" separation between the back of the worksurfaces and panels allows for cables to be moved to the panel seams and concealed by wire managers.
- Note: Wood veneer options for worksurfaces are available at an upcharge and with an extended lead time. Contact Evolve Customer Support for details.
- Tungsten (TUN) and Designer White (DWT) trim available at no charge.
- Note the following abbreviations:  
**TF = Thermally-Fused Laminate; (1") HP = High-Pressure Laminate (1 1/16"); HPW = High-Pressure Laminate (1 7/16"); WG = Wood Grain**

**One Scoop EVWS 24" - 48"**

**Two Scoops EVWS 54" - 72"**

**One Scoop EVWL 24" - 48"**

**Two Scoops EVWL 54" - 72"**

**EVTHLEG - EVOLVE BRIDGES LEG**

- Leg assembly attaches to panel for application which requires functionality of panels with environment of bridges tables.
- One leg wit horizontal member connection to 1" increment slots in connector. Provides support to panel and panel connected worksurface at end of run- design coordinated with Bridges freestanding tables.
- Supports 24" and 30" deep worksurface
- One leg can support 2 adjoining worksurfaces by specifying 2 flat brackets.
- Leveling glides is standard
- No worksurface supporting beams, use panel cantilever and storage for worksurface support.
- One aluminum leg with steel structure - specify left or right and 24" or 30" deep for corresponding worksurface depth.
- Panel bracket, dislodgment clip and worksurface hardware included.
- Anodized aluminum upcharge \$32.00.
- Please specify paint finish.

**PRIME FILE FEATURES**

- **THE LETTER "P" IN THE MODEL NUMBER DESIGNATES FULL PULL MODELS.**
- An earth friendly electrostatically applied coating protects the environment and provides a durable finish.
- Master keys and core keys are available; please contact your Global customer care representative.
- Five lateral file drawer configurations are available: two-high, three-high, four-high, five-high and six-high, all available in three height options (with the exception of the six-high cabinet which is available in letter-height only).
- STANDARD LOCK BARS ARE ON BOTH SIDES OF CABINET PROVIDING INCREASED SECURITY.
- A patented interlocking system prevents more than one drawer opening at a time to guard against tipping.
- An optional, fully-retractable posting shelf is available for five- and six-high lateral file cabinets to provide a convenient ledge.
- All drawer heights are based on a 1.6" module (the size of the posting shelf), then 3.2", 4.8", 6.4" to up to 16".
- The interior construction of the case permits drawer reconfiguration or retrofit at any time.
- Full extension ball bearing suspension with built-in feature to prevent drawer bounce back and creepage.
- 14.4"H Openings (with receding doors) will accommodate letter, legal and A4 hanging folders, plus STANDARD THREE RING BINDERS.
- 13.6"H Openings (with fixed drawer fronts) will accommodate letter, legal and A4 hanging folders, plus EDP SUSPENDED DATA BINDERS.
- 11.2"H Openings (with receding doors or fixed drawer fronts) will accommodate letter, legal or A4 hanging file folders.
- **DRAWER FRONTS HAVE A WELDED REINFORCEMENT CHANNEL FOR ADDITIONAL STRENGTH.**
- Four adjustable leveling glides are easily accessible from inside the cabinet to assist in quick and proper installation, with 1" adjustment.
- Label holders are included with full pull fronts to clearly identify the contents of each drawer.
- All lateral file accessories are Grey, except for the divider plates and EDP adapters are Black.
- Side-to-side hanging file bars permit hanging letter-, legal- or metric-size files in side-to-side arrangements
- Front-to-back file bars permit hanging letter-, legal- or metric-size files in a front-to-back arrangement. They are shipped in packages of two.
- **Counterweights are required for all cabinets with pull-out drawers and cabinets not located directly under a worksurface.**
- For environmental certifications, please visit [globalfurnituregroup.com](http://globalfurnituregroup.com)
- Lifetime Warranty. (See Terms and Conditions)

**EVHV - SINGLE SLOTTED WALL ADAPTER**

- To attach system components to a fixed wall. The vertical wall adapter is a "U" shaped channel with a vertical row of 1" slots on center.
- Mounting hardware not included. Mounting hardware selection to be based on wall material.
- Use of wall rack requires lower tooth of top hook on cantilever or shelf to be notched in the field.

- Available in standard paint colors.
- Shipped & priced per pair.

**NOTE:**

- Care should be taken to mount adapters only to wall studs using correct fasteners. Failure to do this may result in collapse of the unit and subsequent possible personal injury.

# textiles and finishes

## Care and Cleaning

The following guide encompasses the Evolve System line.

The guide was compiled using information from our "raw" material suppliers and is relevant only to our standard offering finishes and textiles.

---

### FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

### PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

### GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

### WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

### ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry cloth.

\*Premium paint selections are available on the following components: Panels (top trim and frame), Hardware, End-of run/Post Kits, and Accessories at a 22% upcharge. Storage with no upcharge.

\*Please note all Double Wall Storage units must be ordered in a minimum quantity of 50 when ordering in a premium paint finish. Different model types can be combined to achieve the minimum quantity required. See pages 192-193 for affected models.

All special and premium paint match orders of 50 panels or less will incur a \$500 net setup fee. Panels, hardware, accessories and storage may be combined on orders to achieve minimum of 50 pieces or more and will not be subject to \$500 net set up fee. Add on orders will not have that charge for 90 days after the original order has shipped and must have the original PO# quoted otherwise they will not qualify for the program.

Global matte paint finishes are available on most Evolve Storage pieces without an up charge regardless of quantities.

All Mica and Metallic paint finishes will incur a minimum up charge of 10%.

All non-standard paint finishes must be approved by Evolve prior to placing an order.

ADA Overheads are not available in Evolve premium color paints. ADA Overheads are available in Evolve standard paint colors only.

Frames for all Open Panel models, all panel retainers, PVC components for panels and connectors are unavailable in premium or special/custom paint colors. They are available in standard Evolve paint colors only.

# TERMS & CONDITIONS

## APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

## PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

## FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:  
Global Industries, Inc.  
17 West Stow Road  
P.O. Box 562  
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Free freight applies to orders dock delivered to one commercial business location in the contiguous United States during normal business hours. Residential deliveries will incur additional delivery charges.

Please note exception below:

**All showroom and mock-up orders will be subject to actual freight charges.**

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

## TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

## ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

## C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

## CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

## DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

## SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

## COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

## CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

## SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:

# TERMS & CONDITIONS

## STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

## DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

## BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

## CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described fifteen days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

## RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

## LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.

- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.

Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

## LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

## EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.
